IMPACT

The school will assess the impact of the Sports Premium for 2019-20 by:

Data analysis in July 2020 and compared to 2019

Sporting successes of pupils and teams

The number and variety of sports clubs on offer with increased attendance

Increase in outstanding teaching of PE with all staff confident in teaching all aspects of the curriculum

Feedback from pupils through pupil voice.

Audit for the provision and sport position at Oxhey Wood to be regularly monitored and updated.

Regular scrutiny of planning and observation of lessons is undertaken throughout the year.

Sustainability will be assessed by the PE subject leader, ensuring that improvements in the teaching of PE, increases in attendance at sporting activities and attainment is maintained.

EXPENDITURE OF FUNDING FOR 2018-2019

Total amount of Sports Premium received 2018-2019 £ 18950

School Sports Partnership membership (including staff training and membership of competition leagues).

Release time for staff development.

To fund external coaches and activities for sports week.

Specialist coaches to help with provision of more sports clubs and to enrich the children's experience of sporting activities.

Membership to YST to further develop Continuing Professional Development of staff and collaboration including inter and intra competitions.

New equipment to support effective teaching, playtimes and extra-curricular clubs.

IMPACT FROM 2018-19

The percentage of children working at or above age-related maintained its high percentage of children in KS1.

Key Stage/ Year	2018-2019	2017-18
Key Stage 1	96.5%	88.6%
Key Stage 2	94.6%	90%
	83% of year 6 can swim 25m, 67% can use a range of strokes effectively and perform safe self-rescue in different water based situations.	

Data from our Early Years in 2018-2019 shows that 86% of children reached at least age related in Physical Development which from their starting points is outstanding progress.

Achievement in sports competitions has improved; 5 children from the Year 5 class qualified for the county finals. Our football team continues to improve and won over half of our matches last year finishing 3rd in there league.

More children are participating in extra-curricular physical clubs. 68% of children in Key Stages 1 and 2 attended a physical club during this year compared to 65% in 2017-18. This includes a gymnastics club organised after seeking the views of children and parents.

100% of the teaching of PE was deemed good or outstanding.

Feedback from our children was more positive with 95% of children saying they enjoyed PE.

Children are encouraged to use the outdoor gym and adventure trail at break and lunchtimes. Football goals have been purchased for the KS2 and KS1 playgrounds, this has increased organised participation in sport at break and lunch times.

Pupils have become more active in their playtimes. This is continually being developed by the training of play leaders who are supporting the use of games that keep children active.

During sports school week children were able to participate in a range of different sports and all took part in at least two activities a day.

Teachers identified the need for new equipment which was purchased to further support effective teaching.

ACCOUNTABILITY

Ofsted may carry out a survey on the expenditure of additional funding and its impact. This may take the form of a subject specific inspection at Oxhey Wood.

We are required to include details of the provision of PE and sport on our website, so that parents can compare sports provision between school, both within and beyond the school day.

Senior leaders in school observe lessons and monitor planning to ensure there are high expectations so that all children make at least good progress.

The PE subject leader has an action plan with targets to further improve PE across school and reviews the impact every term. They are now working closely with all schools in our local area.
