

Friday 27th March

Happy Friday. Good Morning Year 3 and 4. We are on the final day of our first week learning at home. Please share anything that you have found helpful or difficult this week, to help us all with next week and give us tips to share. Remember to be patient and kind to those around you and learn in a way that suits you.

We have had some lovely emails of people sending their work and the fun they have been having. Please continue sending these to us so we can see what you are doing and share in your successes. Remember to enjoy the weekend and get some rest.

Our daily challenges today are:

- Look outside your window and describe what you can see. Think about using all your senses.
- As a group take it in turns to share all the things you are grateful/happy for. Perhaps you could draw these in a picture to remind yourself.

- Learn about the hottest and coldest place on earth. Choose one of the places and draw a picture or write a description about it. <https://storyworksjr.scholastic.com/issues/2016-17/090116/Hottest-Coldest-Places.html#On%20Level>

Have a lovely weekend

The Year 3/4 Team
Mrs Keddy, Mrs Kent and Miss May
