

Monday 23rd March,

Good Morning Year 3 and 4,

It's the start of a new week. Now that many of us are at home, our learning will be a little different for a while. We all have our home learning packs so you can choose any of those activities to complete. You can also continue to do your times tables and spellings for 5/10 minutes each day. If anyone needs help with any activities or needs their username or password please email us.

Teachers will email you every day between 9-10am with your daily challenges and your teacher will respond to emails between 8am and 4pm. Teachers will understandably take longer to respond on the weeks they are based in school, please be patient and bear with us we will always reply.

At school on Friday we came up with some top tips to help you learn at home:

1. Work little and often - work hard for 1/2 hour and then give yourself a little break, whatever works for you!
2. Be kind and patient - everyone in your house is trying to work too!
3. Ask for help - speak to your siblings, parents/carers and YOUR TEACHER - we are still here for you!
4. Be ready, respectful and safe!

We are also going to have a daily challenge each morning to complete. Please send us an email telling us how the daily challenge went. You can send us pictures, videos, messages. We would love to hear from you!

Today's challenge is:

How many different shapes are in your bedroom? Can you draw each shape and describe it.

K Keep Safe and Remember Be Kind

The Year 3&4 Team
