

Good morning Year 3 & 4,

It is the start of a brand new week. I hope that you have enjoyed your weekend. Let us know what you have been up to.

Our daily challenges today:

- Create your own board game to play whilst you are at home. It can be based on one you have already played or your own creation. Will you need to answer questions to win, complete tasks? Include instructions so others will know how to play too.
- Call a relative or a friend and talk to them. Remember to ask how they are feeling too.

Remember, these are activities to do if you so wish. If you are going to work through your learning packs, remember to include lots of breaks!

Thank you for your support over this very strange period. We are all here to listen and support you so if you need any support or advice, just email us. We enjoy seeing all your emails with what you have been up to so please continue to send in to us.

Stay safe

Year 3/4 Teachers
