

Thursday 26th March

Good Morning Year 3 and 4.

Happy Thursday. We are almost at the end of what has been a strange week for all of us. Remember to be kind to those around you as we are all adapting to this change. Thank you to everyone that has shared what they are doing with us so far this week, from daily challenges to videos and pictures of other activities which are just as important.

For some of us it may be useful to make up a timetable for the day and for others they may prefer to focus on small chunks of learning. There is no right or wrong answer and it is important to do what works for you. There is also no set amount of work that must be completed from the learning packs each day, these are there to support your learning. The daily challenges we set are suggestions and are aimed to give a range of fun activities across the week. Please do not feel that every challenge must be completed, instead choose the things you like, adapt the challenge or even make up your own and give yourself a break when you need one.

Our daily challenges today are:

- Design a recipe for your dream sandwich or cake. Remember to include quantities and weights for each ingredient.
- Do a jigsaw or better yet create your own. Draw a picture and then cut it up in random size pieces. Get someone else to try and put it back together.

We are all here to listen and support you so if you would like any advice or help please email us. We also love seeing all the activities you are completing so please continue to send in all of those so we can share in your successes.

The Year 3 and 4 Team
