

Good morning Year 6,

I hope you are all doing well and keeping safe. Below are the tasks set for you today. The suggested tasks we set are to keep your brain active in the time that you would normally be at school. They are **not compulsory** and it is down to you and your families to decide how many of them you should do. The last thing we want is anyone worrying or stressing about completing them. 😊

- **Maths – Arithmetic Test 2** (TESTBASE) – complete on the sheet and mark using the answers when you have finished. The test should take you around 30 minutes to complete
- **Reading comprehension** – Complete *Set A: Test 1* in the *KS2 English Reading SAT Buster* book. The answers are at the back of the book so that you can mark your work after.
- **Writing:** Write a book/Film review of a book or a film you have read/watched recently. What did you like about it? Who was your favourite character? Would you recommend it to a friend?
- **Online programmes** – You have access to Spag.com, TT Rockstars and Spelling Shed, log on and use them daily. You were given all your log in details in the packs sent home but if you have any issues with log in details or passwords please contact us and we will try our best to resolve it for you.
- **Science** – Linking to our current science topic ‘Electricity’ please complete pages 50, 51 and 52 in your Key Stage 2 Science Question Book. The answers are in the middle of your book so you can mark it once completed.

Remember to take breaks and if possible be active; go for a walk or complete a Joe Wicks workout. You also have your mindfulness colouring sheets in your packs if you need some time out.

Take care

Miss Jennings and Miss Hewitt
