

Dear parents/carers,

Good morning to you all! Hope everything is going well with you all and you are enjoying this lovely sun we are having.

Here are some things you might want to do with your child today –

- Joe Wicks is offering free daily workouts for children on YouTube <https://www.youtube.com/watch?v=K6r99N3kXME>
- Read a book with a family member and describe your favourite character from the book. You can write/draw this in your exercise book.
- We love playing this maths game in school! <https://www.topmarks.co.uk/maths-games/hit-the-button>
- Write a recount about everything you did yesterday. Don't forget to use time connectives e.g. first, then, next, after that, finally. You can also draw some pictures to match.

Don't forget to send me any pictures of exciting things you are doing or of any of your children's work they are proud of if you wish.

I am always here to help, so please feel free to email me with anything you need.

Please remember you do not need to do everything we set the children. These are all suggestions and can be done completely in your own time. Whatever suits your family. The most important thing in this scary time is spending time together and enjoying yourselves.

Kind regards,
Miss Hall
