

Tuesday 24th March

Good Morning Year 3 and 4.

Happy Tuesday. It was great to hear from some of you yesterday seeing all the shapes you found in your bedrooms. Each day you can choose any of the home learning tasks to complete and keep working on your spellings and times tables. If you need any help or logins please email us.

Today's challenges are:

- Learn about a new animal. This could be from the internet or speaking to others and see what they know.

Create a fact file of this animal. Include a drawing and description.

- Make up a new dance. You could play music or make up your own tune to dance to. Try teaching someone else your dance.

Don't forget to email us and let us know the things you are enjoying and let us share in your successes. Remember to be patient with those around you, ask for help and work in a way that suits you.

The Year 3/4 Team
