

Wednesday 25th March

Good Morning Year 3 and 4.

Happy Wednesday. I hope you have had a good first half of the week and are adapting to the changes of learning from home, please don't hesitate to email us for help or advice. Thank you to those who shared their dance moves and their amazing animal fact files yesterday. It is great to hear from you so please keep sharing your successes and the fun things you have been doing. Each day you can choose any of the home learning tasks to complete and keep working on your spellings and times tables.

Today's challenges are:

- Draw your own comic strip or cartoon. You could make your own character or use your favourite character and make up your own story. Remember to include speech and the punctuation we have learnt.
- Learn to tie your shoelaces. If you can tie them already write a set of instructions teaching others how to do it.

Remember to be patient with those around you, ask for help and work in a way that suits you.

The Year 3 and 4 Team
