

Monday 27th April

Hello year 2 parents and children,

Happy Monday! I hope you all had a great weekend and have some nice things planned for this week.

We all know how hard it is for you and your children so please remember to take regular breaks and to complete work at your own pace. I know some parents have said that sending me their children's work has helped to motivate them, which is so lovely to hear and might be something you want to try if you need to. I know I keep saying it, but I really do love all the emails I receive off parents, it is great to keep in touch and share how great your children are.

Would also like to say a massive well done to the 4 children who have played on Mymaths, lets get some more this week!

Today's challenges –

- Using these letters how many words can you make.

A R E B K

How about these letters?

B R A E D

How about these letters?

T U O G H

- Draw a bird's eye view of where you live- this could be of your house and garden or your local area. Remember birds eye view means from above (like a bird looking down).

Enjoy your day and continue to keep safe!

Miss Hall
