

Hello Nursery,

How are you? Thank you for the lovely photos, it has been great to see so many children enjoying their learning at home. Please keep them coming.

Maths Challenge:

Can you make your own number poster? You might want to choose your favourite number to write and draw that quantity of different things, for example, if you choose number 4, you could write the number 4, draw 4 spots, 4 stripes, 4 footballs, 4 flowers, 4 people. Or you might want to write lots of different numbers or cut and stick numbers from magazines or catalogues. Have fun and remember to send me a photo of your creation if you can!

Literacy Challenge:

Make your own book: Fold a piece of paper in half and draw your own story. What will it be about? Who will the characters be? Where will they be? What will they be doing? Tell your story to a grown up and ask them to write it down for you. Can you tell them where to start writing and which direction to write in? Remember to write your name on your work.

Physical Development Challenge:

Count your actions:

10 star jumps

3 spins

15 marching steps

5 hops on your right leg

5 hops on your left leg

Shake your whole body

Now sit down and put your hands over your heart –can you feel it beating? Is it fast or slow? How else do you feel after all that moving?

Have fun,

Miss Aust and the Nursery Team
