

Hello Nursery,

How are you? I hope you all had fun with your challenges yesterday.

Maths Challenge:

Measure your living room in steps –how many steps does it take you to walk from one side to the other?

Measure another room in your home. Which room is bigger?

What else would you like to measure? What could you use to measure with this time?

For example, you might want to measure your foot using lego bricks or you might want to measure your brother/sister/mum/dad using pencils or toy cars.

Phonics Challenge:

How many things can you find beginning with 'p'?

Play a game of 'Silly Soup' using the things you have found:

"We're making lots of silly soup, We're making soup that's silly, We're going to cook it in the fridge,

To make it nice and chilly, In goes . . ."

Physical Development Challenge:

Ask an adult to time you –how many jumps can you do in 20 seconds?

How many times can you touch the floor and then stretch up to the ceiling in 20 seconds?

How many star jumps can you do in 20 seconds? Have a break and then try again. Can you beat your best score?

Have fun,

Miss Aust and the Nursery Team
