

Wednesday 22nd April

Good morning Year 2 parents and children,

My email is a little bit earlier today. I hope settling back into doing some work is going well and you are enjoying some of the activities I have set so far. Tell your children I am thinking of them lots!

Today's challenges –

- Read a book in your house. Then write a letter to someone in your class telling them all about the book. What happened in the book? Who are the characters? Is there a problem? What was your favourite part? Why do you like the book?
- Can you draw some repeating patterns using different colours or different shapes/objects? I wonder if you can draw at least 8 repeating patterns. I have attached an example to the emails.

Continue to enjoy the sunshine and send me pictures of your children/their work as it really is so lovely to see.

Kind regards,
Miss Hall
