

Friday 15th May

Hello year 2 parents and children,
Happy Friday! I hope you have all had a great week.

Today's challenges –

- <https://uk.ixl.com/math/year-2> - This is a great maths website for children. There are a ton of activities to click on and activities to have a go at.

- <http://www.ictgames.com/mobilePage/hickoryDickory/> - This is another great game to practice time.
 - Create a piece of art in the dotted, pointillism style of George Seurat. I have attached some examples to the email.

Have a great day and take care.
