

Friday 15th May 2020

Good morning Year 5 ,

We are at the end of another week. We loved the messages you sent keeping the Oxhey Wood spirit going! Today your **English** task is to create your own school uniform, describing it's different parts using commas correctly. The task is attached. In **mymaths** today you are looking at time calculations and practicing those times tables - remember to click on the lesson on the right before you complete the task- this will give you a chance to practice first and your answers will be more accurate. Well done to 5Rosen as your class has completed the most Mymaths tasks so far- come on 5 Shakespeare!

Today there's an art lesson you could try

at <https://www.bbc.co.uk/bitesize/articles/zbdhnr-d>- don't forget to send us pictures of your prints!

If you haven't yet had a look it's worth checking out the lessons at the Oak national academy

at <https://www.thenational.academy/online-classroom/year-5#schedule>

**Daily Challenge:** Find out about one of the Earth's five climate zones: desert, equatorial, polar, temperate and tropical. Create an information poster about the zone, including facts about temperature range, habitats, plants and animals, and any environmental issues.

**Daily Reminders!** Remember you can also practice times tables at TT rockstars, spag and spelling at spag.com and spelling shed, read for 20 minutes, exercise with Joe Wicks at 9.00am, listen to the interactive radio show at <https://radioblogging.net/> at 9.30am every day. Have a break at 11.00am and try listening to a David Walliams story

at <https://www.worldofdavidwalliams.com/elevenses/> or listen to a story like Harry potter and

the philosopher's stone at audible stories <https://stories.audible.com/pdp/B017V54W6O>

Please let us know if you need anything or just want to say hello! Send us your amazing learning so we can celebrate it and remember to ask if you get stuck on anything.

Have a great day and stay safe

Year 5 team
