

Hello Nursery,  
How are you? Here are today's challenges.

**Maths Challenge:**

Count and sort your treasure.

Lay out your number cards from 1 to 10.

Can you match the right quantity of treasure to each number?

You might need to make some more treasure if you don't have enough.

**Creative Challenge:**

Make yourself a pirate telescope using an old toilet/kitchen roll tube or by rolling and sticking a piece of paper.

Decorate your telescope however you like.

**Phonics Challenge:**

Now go on a pirate adventure looking through your telescope and collecting the treasure that you find.

Can you find some treasure beginning with 's' (e.g. a sock, a spoon or something silver)?

Now search for treasure beginning with these sounds: 'a,' 't,' 'p.'

What other treasure can you find?

Remember to put everything back when you have finished!

I hope you've all enjoyed being pirates this week,

Have a lovely weekend,

Miss Aust and the Nursery Team
