

Good morning Year 6,

I hope you all had a lovely weekend. We have one more week of working from home before it is half term (week beginning 25th May) and a well-deserved rest for you all. It looks like the weather is going to be beautiful this week so make sure you get out for a walk and enjoy it.

Here is what we would like you to complete today:

- **Maths** – Please complete Testbase Year 6 Extension Arithmetic Test 1. This is from the second home learning pack that was delivered, you also have the answer sheets to mark your answers.

My Maths – I have set some more tasks on My Maths for you to work through. Try not to complete them all in one go – maybe pick one a day. The tasks set today expire on 25th May so you have a week to complete them. **We still currently we only have less than half the children of each class accessing My Maths. If you need any support with this please do not hesitate to get in contact with one of us.**
- **Reading** – Complete reading comprehension ‘Woman’s football’ in one of your exercise books. Mark your work afterwards and see how you got on.
- **Writing Task** – Imagine that you are writing to a pen pal (friend) in another country explaining what is happening in the UK at the moment and how it is making you feel. Do you have any questions that you would like to ask them? How are they coping? What restrictions are in place? Write this letter in one of your exercise books.
- **Online programmes** – You have access to Spag.com, TT Rockstars, Spelling Shed and My Maths, log on and use them daily. You were given all your log in details in the packs sent home but if you have any issues with log in details or passwords please contact us and we will try our best to resolve it for you.

Remember to plan in some breaks and to be active throughout the day. Just a reminder that these are suggested activities and you can decide how many to complete throughout the day.

Miss Jennings and Miss Hewitt
