Today's challenge is:

• *Today is May the 4th which is known as Star Wars. How could you celebrate it: dress up, make cookies, design your own hero or villain or listen to C-3PO read a Star Wars story. <https://youtu.be/GPy0eacQpuU>*

• Looking at the picture how many shapes can you see? What are the different colours? Which shape are there?

In this difficult times, I know many of us can't see each other. Which is hard. So let's take a picture of your child making a silly face and/or working and I will put all the pictures together to make a Year one collage. Please send these by Thursday so it can be ready by Friday.

Have a great safe day!

Miss Divecha
