

Good Morning Year 3/4

Happy Monday! It is the start of a brand new week. I hope you have enjoyed your weekend and were able to do some fun activities last week despite the weather. This week is looking much nicer so there are plenty of reasons to go outside, get fresh air and get active.

You should now all be able to access your TTrackstars, EdShed and MyMaths which can be completed for 5-10 minutes each day. Please email us if you have forgotten your user name or password. You also have your packs to complete and below are a list of our daily challenges. Remember to work to a schedule that suits you and don't feel pressured to get everything done all at once.

Today's daily challenges are:

- Learn a new times tables song. You could use a song from BBC super movers, find one on Youtube (with your adult) or make up your own. You could even send us a video with the lyrics.
- Use the letters of your name to make up an acrostic poem. Write your name down the page and make each line of the poem start with a letter of your name. Can you make it rhyme?
- Give someone a compliment. You could write it down, draw a picture or give someone a call. How did it make them feel?

Remember to email us with what you have been doing, we love seeing all your emails.

Stay Safe

Mrs Keddy, Mrs Kent and Ms May
