

Good morning Year 6,

We hope you all had a lovely weekend. Remember you can always email us to say hello and let us know how you are getting on if you want to and we will reply to you.

Here is what we would like you to complete today:

- **Maths** – Please complete Testbase Arithmetic test 8 (from the original pack) and then mark using the answers.

My Maths – I have set some more tasks on My Maths for you to work through. Try not to complete them all in one go – maybe pick one a day. The tasks set today expire on 11th May so you have a week to complete them. Currently we only have less than half the children of each class accessing My Maths. If you need any support with this please do not hesitate to get in contact with one of us.

- **Reading** – Complete reading comprehension Set B: Test 2 from your CPG SAT buster book.
- **Writing Task** – How did you get on with your poems on Friday? Feel free to email them to me or Miss Hewitt if you would like us to read them.

What have you been reading since we have been on lockdown? Write a summary of a book you have read and enjoyed. Remember the summary should include all of the main points of the story but at the same time shouldn't go into too much detail.

- **Online programmes** – You have access to Spag.com, TT Rockstars, Spelling Shed and My Maths, log on and use them daily. You were given all your log in details in the packs sent home but if you have any issues with log in details or passwords please contact us and we will try our best to resolve it for you.
- **Science:** Please complete pages 19 (Digestion) and 20 (Healthy Living) from the Science CPG book.

Remember to plan in some breaks and to be active throughout the day. Just a reminder that these are suggested activities and you can decide how many to complete throughout the day.

Miss Jennings and Miss Hewitt
