

**Thursday 30th April**

Good morning Year 2 parents and children,

**Today's challenges –**

- Why not make a toy boat that floats? Try to use recycled items from around the house, like washing up liquid bottles, cardboard boxes etc. BUT be careful to choose the right materials! You don't want the boat to sink. Every boat needs a name too!

- Practice spelling these words. You could test your children first by reading the words out and asking them to spell them. Then after children can look at the words and make any corrections needed. The words are – **hopeful, skipping, painless, fraction, excitement, beautiful, gently, pass, again, father**

- It looks like the rainy weather is here to stay for a bit and if you can't get out for some daily exercise, why not join the Move Crew. Every morning there is a new mission to take upon. <https://ukactivekids.com/movecrew/> There a few minutes long great for a brain break. Or try Oti Mabuse who is teaching some great dance routines! <https://www.youtube.com/user/mosetsanagape>

Have a great, safe day and continue to be wonderful!

Kind regards,  
Miss Hall
