

Good Morning Year 3 and 4.

I hope you all had a good day yesterday. Remember to keep emailing us to let us know all the fun things you are doing.

Today's challenges are

- Get a ball. How many times can you pass the ball around your waist in 60 seconds. Count 1 circle every time the ball comes back to the front of you.
- Create your own set of flash cards. Cut up 30 pieces of paper (make sure they are the same size) and draw different animals, cars or pictures making sure you have two of each. Then you can play snap or other card games.
- Learn about the conservation of sloths and the sloth Olympic games. Create your own poster advertising them.

Remember to stay safe and be kind to each other.

**Mrs Keddy, Mrs Kent and Ms May**
