

Good morning Year 6,

I hope you are all feeling good. We have another beautiful day so try and get out and enjoy it.

Here is what we would like you to complete today:

- **Maths** – Please complete Testbase Year 6 Extension Arithmetic Test 2. Mark your work once you have finished. How are you finding the tests? Are your scores improving?
My Maths – I have set some more tasks on My Maths for you to work through. Try not to complete them all in one go – maybe pick one a day. The tasks set today expire on 25th May so you have a week to complete them. **We still currently we only have less than half the children of each class accessing My Maths. If you need any support with this please do not hesitate to get in contact with one of us.**
- **Reading** – Please complete reading comprehension ‘Who invented red and yellow cards?’ in one of your exercise books. Once you have finished please mark using the answer sheet.
- **Writing Task** – How are you getting on with learning the year 5&6 statutory word list? Pick 5-10 words from the list and ask someone in your house to test you on them in a spelling test. Once completed write sentences using the spellings.
- **Online programmes** – You have access to Spag.com, TT Rockstars, Spelling Shed and My Maths, log on and use them daily. You were given all your log in details in the packs sent home but if you have any issues with log in details or passwords please contact us and we will try our best to resolve it for you.
- **Challenge:** Make the most of the weather today and get outside!

Remember to plan in some breaks and to be active throughout the day. Just a reminder that these are suggested activities and you can decide how many to complete throughout the day.

Miss Jennings and Miss Hewitt
