

Good Morning Year 3 and 4.

Happy Wednesday. Well done to everyone who is playing MyMaths everyday, we are seeing some great scores. Remember to email us if you have any questions.

Friday is a special day as we celebrate VE day, the day that WWII ended in Europe after 6 years of war. This year is extra special because it has been 75 years since the end of WWII. There are lots of fun activities you can find online including one in our daily challenge. You might want to make decorations, learn more about the war or bake something special. Whatever you do, please send us a picture and we can put them together to create a special Oxhey Wood virtual VE day celebration.

Our daily challenges today are:

- Write a fact file about your favourite place or country. Remember to include a picture and important facts and information.
- Make your own personalised name sign for your bedroom. You could just use paper and pencils or get creative and use materials around the house (with an adults permission). Get someone else to help you and you could make one for them as well.
- During WWII food was difficult to get and the government introduced rationing. This meant each household got a limited amount of food that would last them. People were encouraged to grow their own vegetables and be creative with recipes to make the most out of their supplies. Look at the ingredients you have at home and either make or design your home wartime recipe. There are lots of ideas online to help you.

Have a lovely day,

Mrs Keddy, Mrs Kent and Ms May
