

Wednesday 6th May  
2020 , Day 13 Summer Term

Good Morning Year 5,

Another sunny morning with the birds singing, try to get outside today if you can.

Keep going with your *Jumanji* inspired stories. We can't wait to read them . If you have already written yours look at yesterday's support sheet for some help on editing and improving and then you can publish it by writing it out neatly and adding illustrations.

### **\*\*\*\*Important Mymaths**

**Reminder\*\*\*\*** Each *Mymaths* homework task we set has a lesson option to complete first. The task is on the left on the screen and the lesson practice on the right . It is good to complete the lesson practice first so you will know how to do your independent task- This should help you!

Remember there are also maths lessons with support videos at <https://whiterosemaths.com/homelearning/>

After Maths and English today, you could try a science lesson about plants reproducing at <https://www.bbc.co.uk/bitesize/articles/znghnrd>
