

## **Wednesday 13th May**

Hello year 2 parents and children,

### **Today's challenges –**

- Today, I would like you to design your dream school playground.

You can make this as extravagant and unusual as you like.

1. Consider what zones you will have in your playground to cater for different activities.

2. What equipment will you need?

3. What markings will you have on the floor?

4. What plants will you have and will you include any other features such as a pond or swimming pool?

5. You could even have some animals living there!

6. You might like to be creative with how children enter and exit the playground – wouldn't it be fun to slide or bounce out of your classroom at the end of a lesson?

You can draw this playground, make a model, create a plan on Purple Mash or even build it out of Duplo or Lego. You may find it useful to add labels or captions to your design explaining what you have included.

- Sing or listen to your favourite song, watch a funny film or tell jokes with your family.

Have a great day!
