

Friday 12th June

Good morning year 5,

The end of the second week of Summer 2 term and the weather is looking better for the weekend so I hope you can all get out in the sunshine.

**English task**

: How did you get on with describing the blue iguana yesterday? Send them in so we can share your writing. Today's task is really fun – you need to create your own mixed up creature- you can either draw and label it yourself or you can go on the website [www.switchzoo.com](http://www.switchzoo.com) and create an animal- if you can print it out and stick it in to your booklet. I have left the support video on here for the English tasks earlier in the week. <https://www.loom.com/share/fd10c09fd8e847ed9d298dca3b0c4024>

**Mymaths task:** Today is a short times tables task to give you chance to catch up with any maths tasks you may have missed this week. If you have finished everything already you could try one of the maths activities in your pack.

**Topic task: This week you should have chosen 2-3 topic tasks** to work on. Continue with your topic tasks- if you haven't created a fact page about a scientist who has made great medical discoveries, you could try that today. I have included an example about Marie Curie today.

**Challenge task:** If you haven't watched Mrs Caplan's Black Lives Matter assembly on the school website yet, watch it and complete the follow up task at the end of the video- 'the ingredients that make my family unique'. Don't forget to send it in to share with us. If you did that yesterday, today's challenge is to learn some vocabulary in another language- you can choose the language and try to learn some simple words or counting. If you would like to learn some French, a short French lesson (about 5-10 mins) with Mr Innes is posted here every day. <https://www.youtube.com/watch?v=s2glj1omcAU>

**Reading: Listen to chapter 9 of the Nowhere Emporium (attached to the email).**

Remember just email if you have any questions, worries or just want to say hello! Have a relaxing and fun weekend, well done for all your hard work.

Year 5 Team
