

Monday 15th June 2020

Good morning Year 1,

We hope you have all had a fabulous weekend and enjoyed the outside.

We had a really busy week in school last week and it was great to hear all the incredible work you have been completing at home too. Please keep sending in your wonderful pictures and emails to us so we can see what you have been doing as we also love to share this with the children who are in school. We have attached a PowerPoint with some work we have done at school and some you have completed at home.

This week we are starting a new museum all about weather. Today at school we are learning about the weather monster. Your daily challenge today is to find out about 3 types of weather and create a poster about them. Remember to make it colourful and include some interesting facts. Also, if you can, it would be great to see get a thermometer to record the temperatures for the week and then at the end we could see which day was the warmest and coldest.

Mrs Kent has made some phonics videos for sounds we have been learning. Join Mrs Kent and let us know how you did. <https://www.loom.com/share/1e2360f3ccab453bbfded4e80cc5640b>

Hope you all have a fabulous day and enjoy the weather museum work.  
Remember to take part TTrackstars battle against the local primary schools.

Miss Divecha and Mrs Kent and Mrs Chauhan.
