

Monday 15th June

Good morning year 5,

I hope you had a great weekend and are ready for your Monday morning tasks. Just a little reminder that the TOP OF THE ROCKS TROCKSTAR BATTLE begins today at 08:30am. We are challenging other schools! Do your best and let's see if year 5 can earn the most points for the school each day! If you have any problems with your login let me know. On Thursday this week we will be having a mental health awareness day (as decided by our Junior leadership team before lockdown) so all our activities will revolve around that on Thursday.

Maths task: This week in mymaths we are recapping on some angle work which some of you may already have covered so it is good revision. If you breeze through it you can try the geometry challenge which will highlight skills you might need to practice. You can watch today's mymaths support video at <https://www.loom.com/share/bf51e86d345a46c5a997442203fb3ca8->

[MyMaths Homework - Angles 1](#)

Check out a video I made via Loom

www.loom.com

remember you can have more than one go, challenge yourself to improve your score!

English task: In your writing booklet on Friday you should have reached the point where you were creating a picture of your own mixed up animal (some of you used the switchzoo.com website and some of you drew your animal). Today you need to find the **Get planning** page and plan your information text about your made up animal. You can use the one you designed on Friday or you can create a new one. Just write in the facts in bullet points today adding as much information as you can about its appearance, habitat, talents etc.

Reading: Listen carefully to chapter 10 of the Nowhere Emporium today so you can predict what might happen next. Don't forget to do some of your own reading too.

Topic: If you have already completed tasks from all of the three topic sheets (create a medicine museum, Art gallery- sculpture and outside-Dens) you can choose which activity to complete next. Try to complete a variety of different kinds of tasks- some practical, some art based, some research, some written. This will make your final projects really interesting.

Challenge task: Design a front cover for our book The Nowhere Emporium.

As it's Monday I will be phoning 5 Shakespeare today and tomorrow and Mrs Chauhan will be in touch with 5 Rosen. Any questions or help- just want to say hello or share some work- just email, we miss you and love hearing from you.

Have a great day

Year 5 team
