

Good morning Year 1,

We hope you have all had a fabulous weekend.

We had a busy week in school last week and it was great to hear all the incredible work you have been completing at home too. Last week, a new pack of work would have been delivered to you if your child is at home. Let us know if you have any questions or if you haven't received yours yet. Today at school we are learning more about weather.

Your daily challenge today is to make a list of what we would need if we went out when it is hot, and snowy.

Remember there are always activities and games on MyMaths, Spelling shed and TTRockstars.
Miss Divecha.
