

Monday 8th June 2020

Good morning Year 1,

We hope you have all had a fabulous weekend and enjoyed the outside. This week we will be phoning those children who are not in school just to see how you are. Please do not worry if you miss our call, we will phone again the following week. But if you really would love to speak to us then please feel free to ring the office and they will put you through.

We had a really busy week in school last week and it was great to hear all the incredible work you have been completing at home too. Please keep sending in your wonderful pictures and emails to us so we can see what you have been doing as we also love to share this with the children who are in school.

This week we are continuing our museum all about nature. Today at school we are learning about Minibeasts. Your daily challenge today is to find out about 3 minibeasts and create a poster about them. Remember to make it colourful and include some interesting facts. Also, if you can, it would be great to see if you can use toilet or kitchen roll tubes to create your own 3D Minibeasts. I have attached a picture for some inspiration.

Hope you all have a fabulous day and enjoy the nature museum work.

Remember to also complete TTRockstars, SpellingShed and MyMaths. If you need any help please email us as we would love to help!

Miss Divecha and Mrs Kent and Mrs Chauhan– who are helping out in Year 1 at the moment.
