

Monday 8th June

Hello year 2 parents and children,
I hope you all had fantastic weekend!

Today's challenges –

- Make fat cakes for hungry birds. The RSPB and BBC Gardeners' World websites offer simple recipes using fat, seeds, nuts and cheese. Hang the cakes in a tree or place on a bird table and watch who comes to visit.

- Make detailed drawings of plants, looking closely at different parts, such as the stem, leaves and flowers. Choose from a range of drawing materials and different coloured paper. Try scented pens to add another sensory dimension.

Have a great day and stay safe!
Miss Hall
