

Hello Nursery,

I hope you are all well and still having lots of fun at home. Here are today's challenges.

Minibeast Challenge:

Yesterday you made your own minibeast habitat, today your challenge is to fill it with pretend minibeasts.

You can make them however you like.

You might want to draw them on paper and cut them out or you might want to use junk modelling or playdough to make them.

Think about what kind of minibeasts would live in the habitat that you have made e.g. worms in soil or caterpillars on leaves.

Phonics Challenge:

Play 'Super Smoothie' on 'Phonics Play.'

Go to www.phonicsplay.co.uk, sign in for free and choose 'resources,' 'phase one,' 'super smoothie' or copy and paste the link:

<https://www.phonicsplay.co.uk/resources/phase/1>

Maths Challenge:

Practice writing your numbers.

You can write them however you like.

Maybe you would like to paint them with water on the pavement or use your finger in a tray of salt or glitter or maybe you would like to make playdough numbers. I have attached some pictures to give you some ideas.

Have fun,

Miss Aust and the Nursery Team
