

Thursday 11th June

Good morning year 5,

We hope you are all well and choosing a range of activities to fill your days. Remember to join in the **Joe wicks PE lesson** every day at 9.00am. A really good way to get motivated for the day ahead. If you are finding it tricky to get started on your tasks you could try following some of the online lessons at BBC or oak national academy. A quick 5-10 minutes on TTrock stars, spelling shed and spag.com. will help to keep these skills going until we return to school.

English task

: In your writing booklet, today you need to write **your own description of the blue iguana** – watch the support video to get you started. <https://www.loom.com/share/fd10c09fd8e847ed9d298dca3b0c4024>

Mymaths

task: Today you need to complete the **line graphs and two way tables task**.

Here is the support video to help

you. <https://www.loom.com/share/05a639893a5c4c58b5a50eaca44fea5c>

Try the practice lesson on the right on your screen and watch the support video before you start the homework task on the left of your screen. Remember you can have more than one try. Often children who get 100% have had 2 or 3 tries- fantastic perseverance!

Topic task: This week you should choose **2-3 tasks** to work on. Continue with your topic tasks- if you haven't created a fact page about a scientist who has made great medical

discoveries, you could try that today. An example fact page about William Harvey was sent to you earlier in the week.

Challenge task: Watch Mrs

Caplan's **Black Lives Matter** assembly on the school website and complete the follow up task at the end of the video- 'the ingredients that make my family unique'. Don't forget to send it in to share with us.

Reading:

Listen to chapter 8 of the Nowhere Emporium (attached to the email). If you could create a room of 'wonders' what would be in it? Draw or describe it.

Remember just email if you have any questions, worries or just want to say hello!

Have a great Thursday!

Year 5 Team
