

Good morning year 5,

Another hot day- if you've got an outside space that is suitable you could try playing some water games outside today- remember to ask an adult first. Well done to those of you who have managed to log in to google classroom. Please have a go today and let me know if you have any problems. If your date of birth begins with a single digit you will need to put a zero before it to make your password a 6 figure number. You can say hello to everybody on the stream but please remember that this is seen by all adults in school.

Today's **English task** is to create some wizard words of your own on page 8-9 of your writing booklet- we can't wait to see your wizarding words!

Today's **mymaths task** is multiplying and dividing fractions. Watch the support video and do the practice lesson first. <https://www.loom.com/share/1744fe250b914c1da7e1f179fb821120>

If you are confident with this once you have finished the mymaths activity you could challenge yourself with one of the maths sheets in your new pack.

**Guided reading:** Listen to Chapter 20 of the Nowhere Emporium- I have posted it on google classroom- let me know if you can't access it.

**Challenge activity:** Today's challenge is to say hello on google classroom sharing something interesting you have enjoyed doing during lockdown (e.g I have baked a cake or helped to build something). This might give others inspiration of something different to try.

**Topic: Complete any other parts of your den topic- you could try** Design a den or shelter for different environments such as the beach or desert, a forest or jungle and an icy climate such as a polar region. Draw and label them. Think carefully about the best structures and materials to use.

**Remember to continue your other daily activities** Read for 15 minutes, Logon to TT Rockstars, spelling shed and spag.com. Extra lessons are available at BBC bitesize and Oak national academy. Radioblogging.net at 9.30am has fun literacy based activities, draw with rob on Youtube has new drawing activities and some physical activity with Joe wicks or there are some great yoga based activities at cosmickids.com

or <https://www.youtube.com/user/CosmicKidsYoga> or <https://awakeandmindful.com/best-kids-yoga-videos-on-youtube/>

Have a great day!

Year 5 team
