

Tuesday 16th June

Hello year 2 parents and children,

A huge well done to the children that have taken part in the TTRockstars battle so far! Also it is great to hear that so many children are completing their home learning packs. Another pack is going to be going out at the end of this week. Please don't worry if you are not ready to start it yet.

In this pack I have included lots of maths challenges, some spelling challenges and some topic work. I hope you enjoy it all!

Today's challenges –

- If you have ten counters numbered 1 to 10, how many can you put into pairs that add to 10? Can you use them all?

Now imagine you have twelve counters numbered 1 to 12, how many can you put into pairs that add to 12? Can you use them all?

Now put the counters into pairs to make 13.

Now put the counters into pairs to make 11.

- This week in school we are reading the story – Fe Fi Fo Fum. I love this story! I have linked the story below story. Have a go at reading the story at home or get an adult to read it to you. I have also attached some talk cards that you can discuss/write about after you have read the story.

Enjoy your day and do not forget to keep sending me all of your fantastic work/adventures or just a quick email to say hi.

Miss Hall
