

Tuesday 9th June 2020

Good morning Year 1,

I hope you all had a wonderful day yesterday, what have you all been doing? Have you been able to get outside? Thank you so much for your continuous support and emails. We really do love seeing what work you have been doing at home. This week we have started to put together a PowerPoint of all the work from the children at home and at school which we will send out Friday so you can all see!

Today's work to add to your nature museum is:

1. To create top trump cards about Minibeasts. You could include the number of legs, the speed, the creepiness. Play with a family or friend (2m apart 😊) and see which Minibeasts wins.

2. Using your fingers and paint to create fingerprint paintings about Minibeasts. Don't panic, if you don't have paints, you can colour in circles instead.

3. At school we have been cooking too. We are making pizzas today using pitta bread and using our favourite toppings. This week you could also make your own pizzas. Remember to send us a picture 😊

Remember to continue with TTRockstars, SpellingShed and MyMaths – who will be the Rockstar champion this week?

Keep safe and well

Miss Divecha, Mrs Kent and Mrs Chauhan
