

Wednesday 10th June 2020

Good morning Year 1,

Another fabulous day! Today we are going to focus on KINDNESS. We thought it would be a lovely idea to focus on this as I know how strange everything must feel right now. Please see the video of us reading a book called a 'How could you fill a bucket.' When you have listened to the video, draw your own bucket or make your own bucket – see the instructions attached – and then write ways you could fill someone's bucket – think about ways you could fill someone's buckets at school and at home. At school today we are also labelling pictures of Minibeasts. You could draw a picture of a minibeast and label the different parts – head, eyes, legs, wings, for example. SUPER CHALLENGE: You could also find differences between different Minibeasts and their body parts. Why are they different?

Please remember to send us your pictures so we can add these to our PowerPoint for Friday.

Remember to continue with TTRockstars, SpellingShed and MyMaths.

Have a fabulous day! Keep safe

Miss Divecha, Mrs Kent and Mrs Chauhan
