

Wednesday 17th June

Hello year 2 parents and children,

Super super super well done to all the children who have taken part in the TTRockstars challenge so far, you are great! Lets beat the other schools!

Today's challenges –

- In school we have been creating Picasso faces. I have attached some examples to this email. Create your own Picasso face at home! Make it as interesting as you can.

- Take three different colours and create 3 different blocks, maybe red, yellow and blue.
Now make another tower with a different colour on top.
How many different towers can you make with the colours in different orders? Draw these into your book.

Have a great day and stay safe!

Miss Hall
