**Gardening Challenge:**

This week in school we are going to start growing some plants.

Ask a grown up to read you the attached information on 'How to Grow a Plant.'

Ask a grown up to help you collect together the things that you will need to grow your own plant.

You might have seeds and pots at home but if you don't you can use any old container to grow your plant –an old yoghurt pot or an empty milk carton works well. If you don't have any seeds try collecting some when you eat a piece of fruit –you might want to try planting apple seeds for example.

**Maths Challenge:**

Have another practice at sharing the bones fairly in this 'Curious George' game.

Go to [topmarks.co.uk](http://topmarks.co.uk) and search for 'Fair Shares' or copy and paste the link:

Have fun,
