

- Wednesday 24th June
Good morning year 5,
Looks like yet another sunny day! Make sure you try to spend some time outside after you have completed your tasks today!
You will receive another email today (or yesterday welcoming you to google classroom, follow the instructions and logon and let me know if you have any problems. Once everyone is logged we will get started with some activities. I have just put today's guided reading on there for now.
We have loved seeing your wizard top trump cards over the last few days- its not too late to make some and send a picture - they are at the start of your new wizard writing pack. Today's **English task** is to re-read the persuasive Wizard text (all about wizard school) and finish the sentences (pg 7) Next compete some of your own using the target words.- you can use the support video to get you started. <https://www.loom.com/share/f3ea57699f8a4bf58c74b535052549c7>
Today's **mymaths task** is all about comparing fractions. Watch the support video and do the practice lesson first. <https://www.loom.com/share/bb1f43805dda493d96b00474318c4075> If you are confident with this once you have finished the mymaths activity you could challenge yourself with one of the maths sheets in your new pack.
Guided reading: Listen to Chapter 19 of the Nowhere Emporium and answer the attached questions.
Challenge activity: Today's challenge is to make up an outdoor game and design a poster of the rules. This could be a variation of an existing game like tennis or dodge ball or a totally made up game, it's up to you!
Topic: Design a front cover for your 'Den' topic. Look at the topic list for 'Dens' and try to incorporate some of the activity ideas from there - which ones have you completed and which ones do you still plan to do? Carry on completing any tasks from this sheet.
Remember to continue your other daily activities
Read for 15 minutes, Logon to TT Rockstars, spelling shed and spag.com. Extra lessons are available at BBC bitesize and Oak national academy. Radioblogging.net at 9.30am has fun literacy based activities, Draw with rob on Youtube has new drawing activities and some physical activity with Joe wicks or there are some great yoga based activities at cosmickids.com or <https://www.youtube.com/user/CosmicKidsYoga> or <https://awakeandmindful.com/best-kids-yoga-videos-on-youtube/>
Have a great day!
Year 5 team
