

Good morning year 5,

After such lovely weather it looks like we might have a few days of rain now so although it might be harder to spend as much time outside make sure you still take breaks in between all your hard work- you could try some yoga or mindfulness <https://awakeandmindful.com/best-kids-yoga-videos-on-youtube/> or draw with Rob. <http://www.robbiddulph.com/draw-with-rob>

Today's **my maths** is long multiplication revision - if you have forgotten how to do it or need a little support I have practiced some with you

at <https://www.loom.com/share/f43b5e179da745a89c282e5fab268f51> Today's **English task** is to complete

the comprehension questions in your writing booklet page 12-14. You should now have your own writing booklet delivered in your home learning pack. Let me know if not. Make sure you have completed yesterday's English task to look at the meanings of the words in the text before you complete today's task. By now you will have chosen one of the **topic suggestions**: outside, create and curate a museum or art gallery to be working on. Let me know which one you have decided to do first. This week I would like you to look at the **Curate and create sheet**, designing a medicine museum and find out about medicine and disease in the past- You could make a fact sheet about how they treated patients in Ancient Egypt, the Tudors or the Roman times. Finally, yesterday's **challenge** (to make a card, picture, letter, story or poem for the local care home) runs all week so try to complete it. There is a lovely example from Beatriz on the school twitter/website.

Remember to read, logon to tt rock stars, spelling shed and spag.com .The next chapter (chapter 2) of The nowhere Emporium is attached.

Have a great day, keep smiling

Year 5 team
