

Monday 29th June 2020
Good morning Year 1,

We hope you have all had a fabulous weekend.

For the last two weeks, we have been learning about weather. For the next two weeks, we will be looking at structures. This week will be focusing on story of the three little pigs and the structures within them.

Your daily challenges:

- Using Lego or any other else to build make a house for all three pigs to live in.
- Why not try a board game today to make it harder use two dice and add up their score.

Remember there are always activities and games on MyMaths, Spelling shed and TTRockstars. We will have another competition on TT rock stars next week so get practicing this week.
Miss Divecha.
