

Good Morning Year 3 and 4,

We hope you had a lovely weekend and enjoyed the sunshine. Going forward from today our challenges will be on google classrooms so please make sure you log in each morning to see what our daily challenges are each day.

Well done Year 4 for winning the TTRockstars tournament last week. This week you will be playing within your class boys versus girls. The tournament starts this morning and will finish at 9am on Friday when the results will be announced. So start playing!

This week we are looking at record breakers. Not all record breakers are famous and sometimes just by trying our best and persevering we can achieve great things. Across the week we will be learning about some high achievers and also trying to push ourselves to achieve the most we can. We are seeing some great home learning and although it is different to learning in school we can still celebrate our successes together. Remember to keep sharing those successes on google classrooms.

Today's Challenges:

1. Year 3 MyMaths – Today we are looking at Statistics. <https://www.loom.com/share/d300cb7f0377403f84a7345e55685c32> Use the link to help you

Year 4 My Maths – Today we are looking at Perimeter. <https://www.loom.com/share/f59c4f6ee1ae478bb86e6e60928fb4e6> Use the link to help you

2. Today we are looking at an extract from Sherlock Holmes. <https://www.loom.com/share/a60a7ce9ab43452db6cbb444941f6766> Use the link, watch the video and answer the questions and activities below

- Who is Dr Watson? What do we know about him?
- What do you think of Sherlock Holmes?
- What is a Hansom Cab? How would you describe it to someone?
- Where does Sherlock Holmes currently have rooms?
- What is the Sherlock Holmes test and why is it so important?
- Do you think Sherlock Holmes and Dr Watson will be friends?
- Writing Challenge – Continue writing the dialogue between Holmes and Watson deciding whether or not they will live together?

3. Record Breakers - Today we want you to challenge yourself for the week. Set yourself a goal this week and practice every day. It might be something active like how many jumping jacks you can do or it might be something to do with your learning like how many times tables can you do in one minute. Every day practice this challenge and see how much you can improve by Friday.

4. Use paper cups or cards to build the highest tower you can. Think about the structure, you need to keep it strong and stable.

Remember to keep emailing in your amazing work, if you have any questions or if you just want to say hi. We love to hear from you and would love to share it in our newsletter

Mrs Keddy, Mrs Kent and Ms May
